VOLUME CVII.--NO. 149. ALEXANDRIA, VA., THURSDAY EVENING, JUNE 21, 1906. PRICE 2 CENTS.

OPEN PUBLICITY THE BEST GUARANTY OF MERIT.

When the maker of a medicine, sold through druggists for family use, takes his patients fully into his confidence by frankly and fearlessly publishing broadcast as well as on its bottle wrappers, a full list of all its ingredients *in plain English*, this action on his part is the best possible evidence that he is not afraid to have the search light of investigation turned full upon his formula and that it will bear the fullest scrutiny and the most thorough investigation. Dr. Pierce's Favorite Prescription for the cure of the weaknesses, periodical pains and functional derangements of the organs distinctly feminine, is the only medicine put up for sale through druggists for woman's special use, the maker of which is not afraid to take his patients into his full confidence by such open and honest publicity.

A glance at the published ingredients on each bottle wrapper, will show that it is made wholly from native, American, medicinal roots, that it contains no poisonous or habit-forming drugs, no narcotics and no alcohol—pure, triple-refined glycerine, of proper strength being used instead of the commonly employed alcohol, both for extracting and preserving the active medicinal properties found in the roots of the American forest plants employed. It is the only medicine for women's pecular diseases, sold by druggists, that does not contain a large percentage of alcohol, which is in the long run so harmful to woman's delicate, nervous system. Now, glycerine is perfectly harmless, and serves a valuable purpose by possessing intrinsic value all its own, and besides it enhances the curative effect of the other ingredients entering into the "Favorite Prescription."

Some of the ablest medical writers and teachers endorse these views and praise all the several ingredients of which "Favorite Prescription" is composed—recommending them for the cure of the very same diseases for which this world-famed medicine is advised. No other medicine for women has any such *professional* endorsement—worth more than any number of ordinary testimonials. If interested, send name and address to Dr. R. V. Pierce, Buffalo, N. Y., for his little book of extracts from the works of eminent medical writers and teachers, endorsing the several ingredients and telling just what Dr. Pierce's medicines are made of. It's *free* for the asking.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Wanted to Lynch Woman.

Indignation is running at a high pitch at Sioux Falls, S. Dakota, over the case of Mrs. Emma Kauffmann, wife of Moses Kauffmann, a millionaire brewer of that city, who is charged with causing the death of Agnes Polreis, her seventeen-year-old maid servant, by beating and torturing her. At the conclusion of a brief session of her preliminary hearing yesterday morning Mrs Kauffmann was held without bail for trial on the charge of murder.

Broken by the ordeal through which she has gone during the past week, ending in a din of angry denunciation by the crowd which thronged the court house and street yesterday morning, swarming about her with cries of "lynch her!" the rich woman, who but a few days ago was prominent in the social life of Sioux Falls, is now a prisoner in the county jail.

Her husband accompanied her in their carriage from the courtroom to her cell. During the afternoon she required the services of a physician.

It developed last night that a number of society woman, estimated at between forty and one hundred, yesterday held a meeting and decided that in case Mrs. Kauffmann was not placed in jail, but was again permitted to occupy her own home while under custody of the sheriff, as was the case prior to the completion of her preliminary hearing and since her arrest, they would dynamite the handsome Kauffmann home.

Would Lynch Lee.

A special session of the Circuit Court for Somerset county was called at Princess Anne, Md, yesterday morning at 10 o'clock for the purpose of finding an indictment against William Lee, the negro who committed a felonious assault upon Mrs. Robert H. Barnes and Miss Frances Powell, of Kingston, on Sunday, June 10.

The jury after being out 30 minutes, found a bill of indictment. By 7 o'clock yesterday morning there were 800 or more persons in town, and by 10 there were over 1,500. When the court was called a rush was made for the court house, and it was soon filled. There was no demonstration or disorder, but much indignation by the throng when it was learned that Lee was not to be brought to Princess Anne yesterday, and Judge Page and Sheriff Brown were censured for not having Lee brought to Somerset for trial.

The crowd, though orderly, went to Princess Anne determined to lynch Lee, and in the afternoon it was said a request was to be made by Judge Page for him to produce Lee without further delay.

Joshua W. Miles addressed the crowd on the streets, assuring them that the negro was taken to Baltimore, and that he must be hanged in Somerset.

Fight on a Scaffold.

The spectacle of two men locked in a desperate struggle on a narrow scaffold swung at the level of the seventh story, attracted a great throng in front of the unfinished Sinton Hotel building at Fourth and Vine streets, Cincinnati, yesterday afternoon. Every second it looked as if one or both of the men would be pitched to destruction, as several times their feet hung over. They fought back and forth along the wall for several minutes until one was seen to pull his knife, and open it with his teeth. He disabled his opponent with it by inflicting a vicious gash across the arm. The cutting put an end to the struggle. The wounded man, Joseph Connelly, a bricklayer, said that he reprimanded his adversary, Hugh Williams, a hod carrier, for carelessness in dumping his load of bricks. He threw them down so heavily he feared the jar would cause the planking to give way and send them both to their death. The reprimand led to a wordy altercation, then an exchange of blows and the man-to-man struggle. Williams was arrested on a charge of cutting and Connelly was taken to the city hospital.

Horrors of Bialystok.

The tales of atrocities committed in Bialystok, Russia, recently are innumerable. The mob seemed to delight in torturing the victims. Strips of flesh were cut from their bodies, children were snatched from their mothers' arms and taken by the legs and brained on the pavement before the eyes of their parents. An old Jew was beheaded, and the ghastly trophy was carried all day at end of a pike through the streets. In many cases the heads of victims were beaten to a jelly with stones. At the Bialystok railroad station, where the mob searched the trains for Jews, a rioter seized a five-year-old girl by the throat and held her at arm's length until she strangled to death. Little children seemed to take pleasure in pointing out the hiding places of Jews. Mutilated corpses, swarming with flies, were left lying about the streets, in some cases for days.

The many imitations of DeWitt's Witch Hazel Salve that are now before the public prove it the best. Ask for DeWitt's. Good for burns, scalds, chaffed skin, eczema, tetter, cuts, bruises, boils and piles. Sold by W. F. Creighton & Co., 401 King street.

Gorman May Go to Congress

A movement is on foot to persuade young Arthur P. Gorman to accept the democratic nomination for Congress, in the Fifth Maryland district and make the run again Syd Mudd, who for years has been invincible. Gorman is believed to be the only man who could carry the district for the democrats. He is disinclined to accept a nomination at this time, but if called upon unanimously might respond. That Mudd fears him more than any other man is evident by the fact that he advised the Governor to appoint him his father's successor. The managers have been looking over the field to see what effect the death of Senator Gorman has had upon the regular organization. It is becoming more and more apparent that it will not disintegrate. In nearly every county an organization man is in control although there is factional strife in Dorchester, Queen Anne and Talbot. But in the last named both factions are friendly to the organization. Congressman J. Fred. Talbott, of the Second district, will have a walkover in the Baltimore county primaries, and his renomination by the district democratic covention at Westminster, June 27, is assured.

Driven to Divorce by Losing Socks

The fact that she mislaid a pair of socks that her husband intended to put on has resulted in Mrs. Malinda Reed, of Sharpsburg, Pa., bringing suit against her husband, William Reed, for divorce in Common Pleas Court. Mrs. Reed, in her petition, declares that they were married in 1898, and six months after their wedding she mislaid those stockings. Her husband was furious, and from that time on, she says, he made her life a burden. She declares that every time he would get angry he would bring up the question of the mislaid hosiery, and would work himself up into such a frenzy over the recollection of the mishap that he, on various occasions, tried to shoot her, tried to kill her with an axe, tried to cut her with a razor, choked her and abused her shamefully in many other ways. Mrs. Reed declares that she could stand it no longer, and left him in 1903, since which time they have lived apart. Now she wishes to be legally separated from him forever.

A Miraculous Cure.

The following statement, by H. M. Adams and wife, Henrietta, Pa., will interest parents and others. "A miraculous cure has taken place in our home. Our child had eczema 6 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed. 50c and $1.00 at E. S. Leadbeater & Sons' drug store.

THURSDAY EVENING, JUNE 21, 1906.

A MAJORITY of the members of the House yesterday voted to extend their term from two to four years, and in favor of electing senators by a direct vote of the people. The question came up in the form of a resolution from the committee on the election of the President, Vice President and Representatives in Congress, but it was considered under a suspension of the rules, making a two-thirds vote necessary to its success. The vote was 89 for and 86 against, and, therefore, the proposition failed. The feature in which House members were principally interested was that providing for the extension for their own terms in office. They were not willing, however, to go upon record respecting the proposition, and when Mr. Norris, of Nebraska, who had charge of the measure, proposed a roll call, leading republicans advised him to let the matter drop. The house has several times voted in favor of electing senators by a direct vote, but never before have they asked a four-year term for themselves. The resolution provides for an amendment to the constitution.

THAT tuberculosis is sufficient ground for a divorce in California was proved in the Supreme Court of California recently when Judge Bordwell granted Mrs. Charlotte Boyle Scammell a decree because her husband is suffering from the dread disease. Charlotte Boyle was at one time a social leader in San Francisco, and Charles F. Scammell, a real estate man of Los Angeles, won her heart. Before their marriage the wife says she asked her prospective husband if he was perfectly sound and healthy She testified she received every assurance that no disease existed. The young folk were married December 28, 1905 Shortly afterward the bride learned she had been deceived and began suit for divorce. While the churches are trying to make divorces more difficult it seems that some of the courts are disposed to add new and easier grounds for divorce proceedings.

STRONG demand for more drastic meat inspection legislation than has been agreed to by the House was made by the Senate yesterday. Senators Proctor, Lodge and Beveridge, in strong speeches, declared themselves in favor of placing all the cost of inspection upon the packers and in having the date of inspection stamped upon the carcasses or receptacles in which the meat products are placed. These are the two chief points of difference between the houses and really the two points between the packers and the public. The objection of the packers to putting the date on labels shows intended fraud and, of course, is calculated to diminish public confidence in the canned goods and lessen the sales. The date should be on every label by all means.

THE length of a shirt is to be an issue in the Kansas campaign this year. A farm paper is leading a movement to organize farmers into unions. The argument advanced is that if every shirt were made one inch longer the added cloth would consume the entire surplus of cotton. Farmers are urged to organize and stand for this demand. Messrs. Ryan and Crummer, chairmen, respectively, of the democratic and republican State committees, declare that of this remedy were reversed to equalize matters in case of an extreme shortage in the cotton crop it might become embarrassing and the former thinks the farmers should go slow on this proposition.

NEARLY one hundred members of the National Editorial Association, due in Chicago for breakfast yesterday, were poisoned by eating ham and chicken sandwiches in Marion, Ind. Some narrowly escaped death. The meats, which contained ptomaine, were from packing houses. This should settle the meat question, for if editors, who, through stress of circumstances are compelled to eat almost anything they can get, are poisoned by eating canned meats, what is to be expected of those less hardened?

THE public high schools of Chicago are teaching the girl pupils how to feed a husband and three children on $5 a week. This is a lesson which would be invaluable in the schools of any city.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, June 21.

When Elihu Root, Secretary of State, sails from New York harbor aboard the U. S. cruiser Charleston on the Fourth of July, he will be starting on the longest and possibly the most significant journey an American Cabinet officer has ever taken in official or semi-official capacity. Mr. Root will spend more than three months visiting the principal capitals and cities of South America. He will be present for a time at the sessions of the Pan American conference at Rio de Janeiro and will on his homeward journey, after rounding the horn and proceeding up the west coast, cross the Isthmus of Panama, with his eyes open to the works of the canal enterprise, to say nothing of a possible inspection of political conditions in the new republic of Panama. Altogether, Mr. Root will travel some sixteen thousand miles by land and sea. He will visit eight different countries and meet scores of Central and South American statesmen on their own heath. The great journey will be taken by the Secretary practically alone. Except for his wife, daughter and son, the Secretary will depend only on the officers of the Charleston, headed by Captain C. McRae Winslow for American companions. In ports and capitals visited he will of course be piloted about by diplomatic and consular representatives of the United States.

This was the day the presidents of all the railroads, which have been under the investigation into the coal business by the Interstate Commerce Commission, were invited to appear before that body and offer such testimony as they might desire. Not one was present this morning. The Pennsylvania Railroad was the only one that had anything to say "in defense." John B. Thayer, fourth vice president of that road, was here, as he said, "to clean up certain matters."

President Roosevelt promised a delegation of Congressmen this morning that if there is nothing in the law to prevent, he will grant a holiday in the summer to the employees of all the navy yards in the country. The President told his callers, however, that if the half holiday is granted, he will not allow the employees to demand double pay if at any time in the future they happen to be called upon to work on holidays. If any such demand is made, the President said, he would at once cut off the Saturday half holiday.

The consideration of the case of Major Estes G. Rathbone, once Director of Posts in Cuba, has been postponed by the Senate committee on Cuban relations until next session. Rathbone was convicted of illegal operations in Cuba, was pardoned as a result of the proclamation of general amnesty and has ever since been trying to get a congressional committee to investigate his claim that he was wrongfully convicted.

The Dominion of Canada is to be asked in diplomatic language if she will obligingly close one eye to a naval militia training ship on the Great Lakes. Under existing treaties the United States is prohibited from sailing any war ships on the lakes. Canada is of course pledged to preserve the same state of unarmed neutrality. Now the naval militia of the various lake states stand in great need of a ship with guns aboard and the administration is anxious that they be given the training if Canada does not object.

After three weeks of taking testimony in the case of former State Senator Geo. E. Greer, of New York, and Willard D. Doremus, of this city, on trial for bribery and conspiracy in connection with the postoffice irregularities, the government today began presenting its side of the case to the jury. District Attorney Baker consumed most of the day with his argument. Each side is allowed five hours. On Saturday the court will instruct the jury, and a verdict is expected Saturday evening.

The President sent to the Senate today the nomination of J. Carlyle Wilmer, to be appraiser of merchandise in the district of Baltimore, Md.

The bill makes a refusal on the part of railroads to carry out its terms a misdemeanor and provides a penalty for its infraction.

KING HAAKON.

The arrival and reception yesterday at Trondhjem of the special embassies from Great Britain and France, headed by the Prince of Wales and Admiral Boyle, respectively, gave the crowds who came to witness the coronation of King Haakon VII. and Queen Maud pleasing spectacles of royal pageantry. Besides the salutes of the arriving warships and the responses to them, there was an extended exchange of international courtesies, and from morn and until night guns boomed in the harbor.

The only public appearance of the royal family of Norway was when they went to greet the Prince of Wales, which was made the occasion of a patriotic demonstration.

It has become known that King Haakon went about incognito among the crowds surrounding the palace last night. He was recognized by no one, and he hugely enjoyed mixing with his subjects and chatting with them.

The British vessels entered the harbor at 4:30 o'clock yesterday afternoon, the Juno and Talbot firing a salute, to which the Norwegian cruisers and shore batteries replied For half an hour the sound of guns re-echoed for miles along the fjord.

The British royal yacht Victoria and Albert had anchored in the harbor before King Haakon, and Queen Maud, with Prince Olaf, boarded a launch and steamed out to meet their relatives, the representatives of the British nation.

The close kinship of the king and queen of Norway to the Prince of Wales made the meeting particularly sympathetic. The Prince of Wales embraced his sister and warmly greeted his brother-in-law and took the little Olaf in his arms. Later the members of the two suites were presented to each other.

The royal party remained on the Victoria and Albert until 6 o'clock, when they returned to the landing, where they awaited the coming of the Prince and Princess of Wales. The departure of the king and queen and the prince and princess of Wales from the British royal yacht was the signal for another series of salutes. A great throng surrounded the landing and gave King Haakon an ovation.

When the Prince and Princess of Wales arrived at the landing King Haakon took the arm of the Prince of Wales and marched him up the landing and along in front of the guard of honor, the band playing the British national anthem and the crowd cheering enthusiastically Queen Maud and the Princess of Wales and their children entered a carriage together, King Haakon and the Prince of Wales entering another. The British minister and the members of the suites and aides followed and the party drove to the palace through crowded streets. The crowd was especially demonstrative because of the relationship of the Prince of Wales to Queen Maud.

The fleet in the harbor is rapidly growing and presents a gala appearance, the vessels being draped with gay bunting.

The American Embassy, headed by Chas M. Graves, minister to Sweden, will be received in audience tomorrow when Lieutenant Commander J. H. Gibbons arrives from London. The American Embassy is established in a handsome private residence over which flies an enormous American flag.

Two-cent Mileage.

Capt. Carter Braxton, acting on information, filed late Tuesday afternoon in the Staunton Corporation Court complaint against the Baltimore and Ohio Railway Company and one against the Chesapeake and Ohio Railway Company for failure to put on sale June 15th mileage books of 500 miles at $10 each. The bills are drawn on the complaint of Mr. John W. Churchman, member of the house of delegates from Augusta county, who makes oath that on June 15th he applied in that city at the offices of the railroads in question for mileage books, tendering in each instance $10 to pay for same, and that he was informed that no such books were on sale. Mr. Churchman has started out to have his law enforced, and institutes a criminal proceeding against the roads The offending railroads are summoned to answer on the first day of the July term. The litigation will attract widespread interest, and will probably enlist the best legal talent in the State and go to the highest court in the State, and possibly to the supreme court of the United States.

Fire in Washington

An explosion of tanks containing thousands of gallons of kerosene and gasoline was only averted by the prompt action of the fire department when the stables of the Standard Oil Company, at Half and K streets southeast, Washington, were burned last night at 10:15, destroying seventeen horses and severely burning three others The aggregate loss is estimated at $7,000.

Roaring flames, fed by the dry fodder in the stables, were leaping high in the air, now and then stooping until they almost licked the summit of a cylindrical oil tank not thirty feet away, which was filled with 18,000 gallons of kerosene. Immediately adjacent to the first tank was another of similar size, while 200 feet away was a tank containing 50,000 gallons of gasoline.

People in the neighborhood became panic-stricken as the imminence of the flames to the tanks became more and more apparent, and the dangers of a terrific explosion were realized, and the greatest relief was experienced when it was seen that the fire was under control.

Labor and Politics.

There was a meeting in Washington yesterday of the executive council of the American Federation of Labor and William Randolph Hearst at which the latter advised the labor leaders to show the strength of their organization in the political field. He also suggested that they disregard party lines and use their influence to advance friends and oppose enemies. Mr. Hearst told the Federation of Labor that the cause would probably achieve the most if labor should elect a sufficient number of men to Congress to hold the balance of power. He said the Federation must draw a distinct line.

Today's Telegraphic News

Mr. Bryan in Norway.

Trondhjem, Norway, June 21.—William Jennings Bryan and Mrs. Bryan arrived here this morning and are the guests of the United States Minister to Sweden, Hon. Charles H. Graves, who was appointed as envoy to represent the United States at the coronation of King Haakon, which will take place tomorrow. Mr. and Mrs. Bryan will be present at the coronation ceremonies. Mr. and Mrs. Bryant traveled in the most democratic simplicity. They occupied second class apartments from Christiania and joined in the rush last evening at Hamar, a buffet station, for a forty cent dinner, gulping down the soup, salmon, and ice cream while the train made a seven minutes stop. Many Americans were on the train and forced Mr. Bryan to hold an impromptu reception. In an interview with a representative of the Publishers Press, Mr. Bryan said he was not yet able to determine his position relative to the changes in the American political situation during his tour of the old world. Asked if he thought the democrats would win the next election, Mr. Bryan said jocously, "The democrats always win this far ahead." Mr. Bryan then gave the representative of the Publishers Press the following statement:

"I have been out of America so long that I am incompetent to discuss the recent political developments there. At the same time, it seems to me as if the tide was turning against the trusts. The recent revelations of trust methods must exert a powerful influence on the minds of those who want to root out corruption in American life. It looks as if the question whether trusts shall control America or America exterminate the trusts will be the paramount issue at the next election. It is too far in advance yet for anybody to predict what the democratic platform will be, and how the campaign will be fought, but I have no doubt that the party will adopt a positive and progressive programme. As to whether the democratic party will take the radical or the conservative stand, it must be remembered that these are relative terms. Some things which were denounced as radical in 1896 are now considered conservative, because the people have been studying and have found that radical legislation is really protection to honestly acquired wealth. Nothing is more dangerous to legitimate accumulations than abuses long uncorrected."

Mr. Bryan leaves on Sunday for the Land of the Midnight Sun, and on his return will go to London, make a trip along the Rhine, and end his tour for the present at Gibraltar. He will sail from there for New York, arriving on August 28. After the fall elections in the United States, he will make a three months' trip to Australia.

Woman Suffragists Arrested.

London, June 21.—Enthusiastic woman suffragists who have been annoying Minister of the Interior Aisquith in their zeal were arrested this morning near his residence. Today the women went again to his home in Cavendish Square, carrying a banner inscribed "Votes for Women." The police prevented the women from ringing the bell at the Aisquith house. This led to a heated argument between the suffragists and the police. Miss Billington finally struck one of the officers and the women were then placed under arrest. The four women, Misses Kennedy and Billington and Mrs. Knight and Mrs. Sharlrough, were later arraigned in the Marylebone police court. All were charged with breaking the peace, and the additional charge of assaulting an officer was placed against Miss Billington. Miss Billington made a bitter address to the court, declaring that she refused to recognize laws made only by men. She was sentenced to pay a fine of £10, with the alternative of going to jail for two months. "I refuse to acknowledge your sentence and do not consider myself liable in any way to your authority," she told the court. She refused to pay the fine and, therefore will go to prison. The cases against the other women were adjourned.

Four Men Killed.

Natchez Miss. June 21.—Four men were killed and a fifth was fatally injured during an attempt by the life convicts to escape from the Angola, La., State convict farm yesterday. Captain E. J. W. Block, foreman of the State convicts, was killed and the three convicts are dead J. W. Gibson, a guard was shot through the body. All of the convicts were sent up from New Orleans and were working in the sawmill. Yesterday morning at nine o'clock, while Captain Block was reading a paper, one of the convicts procured Block's revolver, and in company with two other men, was making off, when the attention of Guard Gibson was first attracted. Gibson fired on the party and the armed convict returned the shots, shooting Gibson through the body. Gibson fell, and they then took his revolver, Compelling Foreman Block to accompany them the convicts started towards the river, and had placed their captive in a skiff when they were fired on by a trusty named De Lets. The convicts then shot and killed Block. In the fusillade of shots that followed, the three convicts were killed.

Clue Discovered.

New York, June 21.—With the first really tangible clue since Mrs. Alice Kinnan was murdered on June 8, the police are confident that before night fall the slayer will be in their custody. A damaging piece of evidence has just been discovered, in an unsealed letter received at the Stenton mansion two days before the woman received her death wounds. It threatened that she would be dead within forty eight hours, and although the police know the writer, Captain Price said his or her name would not be made public until the person in question is taken into custody. The captain is guarding the letter as a missive of great importance and refused even to divulge whether the writer is a man or a woman.

Charged with Killing 300 Babies.

Vienna, June 21.—Marianne Konopkovo has been arrested at Wielioska, near Cracow, on the charge of killing over 300 children. Some of the babes were murdered by battering in their skulls, others by burying. Most of the children were illegitimates which had been entrusted to her care When the woman was arrested a crowd gathered and tried to lynch her.

"Love Letters of a Boss."

Richmond, Va., June 21.—O'Flaherty and Fulton, the Richmond attorneys, who are representing Miss Mae Catherine Wood in her threatened suit against Senator Thomas C. Platt, are reticent about discussing their plans in her behalf. They acknowledged that they are about to bring suit in New York in the name of Miss Wood and say they have in their possession a copy of a marriage certificate issued to their client and the aged Senator, under which Miss Wood says she was married to the Senator previous to his marriage to Mrs. Lillian Janeway, his present wife.

The attorneys also assert that they have in their possession love letters of the aged Senator to Miss Wood, which are a portion of the collation which Miss Wood has threatened to publish under the caption "Love Letters of a Boss." These letters and the certificate, it is said, will be produced when the suit against Senator Platt comes up for trial. Suit will be to gain a portion of the estate of the wealthy New Yorker. Miss Wood says that after she had become the wife of Senator Platt he exacted a promise from her not to make their union public until he gave her leave. Shortly afterward he sent her off on a European tour, it is alleged, and married Mrs. Janeway. The lawyers say they will be able to show that Senator Platt married Miss Wood before he married Mrs. Janeway, and that he is guilty of bigamy.

England and Russia.

London, June 21.—In the House of Commons today, Mr. Thorn, one of the labor members, asked whether in view of the Russian massacres executions and persecutions at Bialstok, Riga, Warsaw, Kieff and Moscow, the government would break diplomatic relations with Russia until these outrages are dropped. He cited the breaking of relations with Servia and Turkey for outrages committed in those countries, and declared that the troubles which had caused Great Britain to sever relations with those countries were far less serious than have been the cruelties practiced in Russia. Sir Edward Grey, the Foreign Minister, in respouding to the question, replied that the government did not propose to sever diplomatic relations with Russia.

Hospital Destroyed.

Middletown, Conn., June 21.—Great excitement was caused among the patients at the Connecticut Hospital for the Insane here this morning and one life, that of a bystander, was lost during a fire which completely consumed the large brick and stone amusement hall, which is a wing of the main hospital building. F. L. Lichenstein, manager and secretary and treasurer of the Merchants' Silk Company, of South Farms, was the person killed. He was crushed by the falling of one of the walls of the burning building, as he was watching the fire The fire started in the basement in some manner at present not determined. The loss is estimated at $20,000.

Says Taft Could Beat Bryan.

Washington, D. C., June 21.—President Roosevelt is talking with White House callers about the wave of Bryan sentiment that appears to be sweeping over the democracy in many States. He is declaring his belief that Bryan will be nominated in 1908, and that he will be a formidable candidate. The only man in the field who can beat Bryan, Mr. Roosevelt feels, is Taft. The President realizes that Taft would be a very able Supreme Court Justice, and his hesitation to select Taft for the Bench is due, it is said, to the fact he does not want to remove the Secretary of War from the presidential field.

Attacked by Footpads.

New York, June 21.—John B Phillips, superintendent of the Parkway Driving Club, and a well known trainer and driver, is lying at the point of death in the Emergency Hospital, Coney Island, as the result of a pistol shot wound inflicted by a highwayman early today. Two footpads attacked Phillips and after relieving him of a sum of money, a diamond stickpin, and his watch, escaped on a trolley car. Phillips was attacked on Coney Island avenue. He knocked one of the men down, but the other shot him in the head. The thieves searched his pockets and escaped.

The Jewish population of the city is panic stricken and many Jews are fleeing from the city. Leading Jews have sent telegrams to the Minister of the Interior urging him to take immediate steps for their protection.

Mutiny at Sevastopol.

St. Petersburg, June 21.—A telegram from Sevastopol states that a part of the garrison there mutinied and seized three guns. Later, however, the men were disarmed. Advices from Crostadt state that the whole force of troops and seamen is ripe for a revolt. Four companies of soldiers in St. Petersburg have refused to do sentry duty.

After the singing of a hymn and prayer by the bishop, the graduating essays were read as follows:—"Interpretation of the Book of Revelation," by Edmund Pendleton Dandridge, 2nd., M. A number of the alumni were an attendance and much interest was manifested on the addition to the chapel now completed. A most interesting event of the day was the presentation of a fine portrait of Bishop Phillips Brooks painted by Mr E. F. Andrews, the celebrated artist, and presented to the Seminary. The address of presentation was made by Bishop Gibson and the portrait was accepted on a short address by Bishop Peterkin. At the alumni dinner a number of appropriate speeches were made. Congressional Nominees.

The democrats, in 8 out of the 10 districts of the State, have made their nominations for Congress.

The Ninth district is an uncertain quantity, at best, and only the most optimistic of the democrats expect to see it fall into their column this autumn. As yet no democratic nomination has been made in the Ninth, nor does the party appear even to have fixed upon a candidate.

The nominees are as follows:

First District—William A. Jones, Richmond county.

Third District—John Lamb, Richmond city.

Fourth District Francis Rives Lassiter, Petersburg.

Fifth District—E. W. Saunders, Franklin county.

Sixth District—Carter Glass, Lynchburg.

Seventh District—James Hay, Madison county.

Eighth Disirict—John F. Rixey, Culpeper county.

Tenth District—H. D. Flood, Appomattox county.

In the Second district Representative Maynard, the incumbent, is being opposed by Judge D. Tucker Brooke and Col. George C. Cabell, jr., both of Norfolk.

The Hansbrough Case.

In the case of the Southern Railway Company vs. Hansbrough's administrator, from the Circuit Court of the city of Alexandria, as has been stated in the G z tte, Judge Cardwell of the Court of Appeals at Wytheville a few days ago, handed down an opinion reversing the judgment of the lower court for error in overruling the demurrer to the first, second and third counts of the declaration.

Assignments of error were made to the ruling of the Circuit Court in admitting evidence, in giving and refusing instructions and in refusing to set aside the verdict of the jury on the ground that it was contrary to the law and the evidence. But the court refuses to consider any of these assignments of error, because they all depend upon the evidence and the railway company failed to embody the testimony in a proper bill of exceptions. In its bills of exceptions at various places it was said "see certified copy of evidence and here insert," but the testimony was not embraced in either. Following the transcript of the record certified by the clerk was printed what purports to be a report of the evidence at the trial, certified to by the clerk. This, it is held, is not sufficient to make the evidence a part of the record.

There were four counts in the declaration. The first is held to be insufficient in not specifying in what way the defendant was negligent, in what manner the engine was unskilfully run, nor alleging the violation of any ordinance or averring any obstruction to the view of persons crossing the railroad at the place named, wh ch made it necessary and proper for the defendant not to run its engines and trains at that point at a high rate of speed. The second and third counts are said to be insufficient in failing to allege the violation of some ordinance or statute making it the duty of defendant to run its engine at five miles an hour and requiring the ringing of the bell, or to show such a state of facts or circumstances as would constitute the existence of a duty on the part of the defendant. The fourth count is held to be good. [Hansbrough, it will be remembered, was struck and killed by a Southern Railway engine at the Belle-Pre Glass Works some time ago.]

Sent on to the Grand Jury.

About two o'clock this morning the extreme southwestern section of the city was aroused by cries emanating from the residence of Mrs. Mary V. Travers, on Gibbon street, between Patrick and Henry. The excitement had been caused by a young man named James Scanlon, living next door, who had been discovered in the bedroom of Mrs. Travers's two young daughters. One of the latter had been awakened by the intruder, and she had grasped him by the throat. Her sister came to the rescue and also caught Scanlon. The cries of the two young women brought Mrs. Travers to the room, who also grappled with Scanlon. He made no attempt to break away from the girls, but when the mother appeared he released himself from the three and made his exit through a window. Several neighbors were soon on the scene, some of whom chased Scanlon. The latter subsequently crept back to his home where he was arrested by Officers Bettis and Smith. Scanlon, before entering the house, had removed his hat and shoes, and had gained access to the room of the young women by climbing to the top of a summer kitchen. He was brought before Justice Caton this morning and sent on to the grand jury.

The Steamer Jamestown

The new steamer Jamestown, belonging to the Norfolk and Washington Steamboat Company, passed up the river at 17 minutes to 6 o'clock yesterday evening. She left Fortress Monroe at 7:47 yesterday morning, and made the run in ten hours. The distance to Alexandria is 178½ miles. After her machinery shall have become supple the steamer is expected to break the record for speed on the Potomac. Many people had been on the lookout for this latest addition to the Potomac flotilla, but a heavy shower of rain set in a few minutes before the new steamer appeared and numbers were unable to see her. The Jamestown passed Alexandria at a high speed, being saluted by steam craft, to which she responded.

Capt. R. Bailey Reed is in charge of the Jamestown. He says that the mechanism was in perfect order and that the trip was made without a single mishap.

The Jamestown will make daily excursion trips on the Potomac, leaving Washington at 7 p. m., returning at 11 o'clock. On Sundays she will leave at 9 a. m., making an all-day excursion.

The Portner Estate.

A petition for the probate of the will of Robert Portner, who died recently at his country place near Manassas, was filed in the District of Columbia Supreme Court yesterday. The will of Mr. Portner, which was filed several days ago, named the American Security and Trust Company, of Washington, as executor, and the petition was presented by representatives of that company.

The total valuation of the estate is given at $1,900,000, of which $1,700,000 is stocks and bonds, $100,000 in real estate in Virginia, $40,000 in the Portner residence at 1104 Vermont avenue northwest, Washington, and $30,000 is in personal property. The petition states that there are debts due the estate amounting to $20,000, and that the indebtedness of the estate is $60,000.

River Notes.

The three-masted schooner Daylight, from New South with plaster for the Alexandria Fertilizing and Chemical Company, arrived yesterday evening in tow of the tug boat D. M. Key. After she had been inspected by Dr. Arthur Snowden, of the U. S. Marine Hospital Service, and given a clean bill of health, she was docked.

The schooner Annie Mills, from the lower river with lumber to Smoot & Co., has arrived.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

William Bolden, arrested by Officer Sherwood for using vulgar and abusive language toward Wesley Kennedy, was fined $5.

Beulah Johnson, colored, arrested by Officer Nicholson charged with disorderly conduct, was dismissed.

Ellwood Grayson, colored, arrested by Officer Jones as a suspicious character, had his case continued.

Dean and William Lightfoot, colored, arrested by Officer Nicholson for disorderly conduct, were fined $5 each.

Richard Jones, colored, arrested by Officer Nicholson for riding a bicycle at night without a lamp, was fined $2.

Joseph Pollard and Llewellyn Lane, both colored, arrested by Officer Henderson for disorderly conduct and vagrancy, were fined $2 50 each.

James Scanlon, arrested by Officers Bettis and Smith charged with entering the house of Mrs. Mary V. Travers in the night, was sent on to the grand jury.

A white man, arrested by Officers Roberts and Young charged with disorderly conduct, was sent to jail for three days.

Commend Mr. Rixey.

Hon. John F. Rixey has received the following letter from a committee representing the business interests of Washington:

Dear Sir: The undersigned committee, representing a large percentage of Washington's business interests, beg to express their sincere appreciation of your energetic, vigorous action in defense of the rights of the citizens of the District of Columbia in your recent opposition to section 3 of H. R. bill 14897. It is upon such men as you the citizens of Washington must rely if their interests are to be protected, their rights realized, and vicious legislation defeated. We assure you of the high esteem of a large number of representative business men and congratulate you upon the masterly way you opposed the four inch tire measure.

[The active part which Mr. Rixey took in the matter was almost entirely due to the fact that the people of Alexandria and northern Virginia were quite deeply interested in defeating the bill. The bill has not passed the House and is now dead for this session.]

A Suspicious Negro.

A negro early last night attracted some attention on Alfred street, between King and Cameron, by his rude conduct. He brushed against a lady who had charge of a baby, and seeing a young woman proceeding down the square he started toward her. Officer Jones was nearby and he took the darkey in charge. The latter said he thought the young woman he had followed was his sister. The negro at first gave his name as Ellwood Ludwell, but later as Ellwood Grayson. He was brought before Justice Caton in the Police Court this morning, but the case had to be continued on account of the absence of a material witness.

Arrest of a Suspect.

Policemen Bell and Garvey, on Tuesday night, arrested a colored man who they believe is Al Carter, alias Al Rainy, who is wanted in Maryland for the murder of Thomas M. Rinehart near Ellicott City on April 7. The negro answers closely to the description of the murderer. A reward of $1,050 has been offered by the father of the murdered man for the capture of the murderer. Chief Goods today received a dispatch from Sheriff J. T. Hunt, of Ellicott City, requesting him to hold the suspect until efforts shall have been made to identify him.

Police Commissioners.

The regular meeting of the Board of Police Commissioners was held last night in the Mayor's office. No business was transacted and the session was consumed in deliberating upon the future course of the board in the reorganization of the police force. The meeting adjourned subject to the call of the Mayor. Some radical changes are said to be contemplated, before which certain preliminaries will have to be arranged.

Excursion Yesterday.

The excursion of the Columbia Fire Company to Luna Park yesterday was a successful affair. Many visited the park during the day and at night hundreds of ladies and gentlemen repaired thither. All who visited the park were highly pleased with their experience. Messrs. J. F. Pettey, R. L. Merchant, N. O. Treakle, N. L. Smith and J. W. Travers of the Columbia company, composed the committee.

Incorrect Report.

A report was in circulation in this city today that Engineer R. T. Thomas, of the Southern Railway, who lives with his family at No. 919 King street, had been killed at Charlottesville today while in the discharge of his duty. The report, however, is incorrect and it is supposed originated from the fact that a son-in-law of Mr. Thomas was killed yesterday.

Funerals.

The funeral of the late J. T. Bloxham took place from the residence in West End this afternoon. The services were conducted by Rev. Edgar Carpenter.

The funeral of Alfonso Pourante took place from St. Mary's Church this morning. The interment was made in St. Mary's cemetery.

Circuit Court for the County.

[Judge C. E. Nicol presiding.]

Com. vs. Henry Beahm, indicted for an assault on Howard Smoot, jury and verdict of guilty and a fine of $20 imposed. Beahm is a Falls Church line motorman and, it is said, had a quarrel with Smoot of Ballston last winter over the latter's behavior on the car.

Com. vs. Howard Smoot charged with abusive language toward Henry Beahm; accused withdrew his appeal and pais the fine imposed.

Some other matters of minor importance occupied the attention of the court today.

The grand jury is still in session.

After the Thieves.

As was stated yesterday, three youths—Chas. Roberts, Joseph Buckley and Geo. Johnson—are locked up at the station house on suspicion of having entered and robbed the hardware store of J. F. Carlin's Sons & Co., last Friday night. Officer Roberts, who has been detailed on the case, today struck an important clue, which, it is believed, will lead up to the identification of the thieves.

Personal.

LOCAL BREVITIES.

The longest day of the year.

A marriage license was issued in Washington yesterday to William Jackson and Mahala Grinnell, both of Alexandria.

A force of workmen was engaged today in replacing the "frog" at Cameron and Henry streets. This work it will be remembered was recently stopped by order of the mayor, but as stated yesterday, the railroad has since enjoined the city from further interference with the work.

Some trouble occurred in front of a King street fruit store today between the proprietor and several boys, during which the fruiterer struck one of the youths. The assailant was arrested by Officer Young and the case will be disposed of in the Police Court tomorrow morning. The trouble originated over the sale of some bananas, it being alleged by the boys that they were unsound.

FINANCIAL

To Save Some Portion of Your Earnings Each Week.

DECIDE on a definite plan and then persist on carrying it into effect. Every man and woman must DECIDE what he or she needs individually. With many the lack of will power is the great curse—procrastination, self-indulgence. With others it is easy good nature, extravagance. With others various habits that mean anything and everything but success. We believe we are giving you the best possible advice when we most earnestly advise you TO SAVE MONEY, for only money saved and accumulated can mean permanent safety for the weak. The progress of men as individuals and as a race has come from MENTAL EFFORTS, from resolutions, from trying to do what they knew they ought to do. Have the strength of character to save. Get your money little by little, but steadily, deny yourself, economize, and as you save deposit it in our SAVINGS DEPARTMENT where it will earn 3 per cent. interest compounded. We solicit both small and large accounts. ONE DOLLAR will start you, so why not decide at once. BEGIN TODAY.

THURSDAY EVENING, JUNE 21

Romance of Arlington.

A pretty romance written by Miss Sarah A. Reed, of Erie, Pa., was read by her recently before a literary club of which she is a distinguished member. The story is called "A Romance of Arlington House," and is set forth in the letters of Miss Virginia Colton, a fictitious scion of several of the early families of the Old Dominion. The period covered dates from autumn of 1824 to that of 1825, when Lafayette, accompanied by the son whom he had named in honor of George Washington, visited this country, and was entertained at Arlington. Through the imaginary but fascinating letters of Virginia Colton pass in review George Washington Park Custis, Mrs Custis—formerly Mary Fitzhugh—their daughter, Mary Randolph Custis, and her boy lover—that aspiring West Point cadet who was destined, later, to figure in history as the military leader of the Confederacy—and any other real personages of that period. The home life and hospitality of the old time Virginia are faithfully portrayed, and the paintings, family portraits, china, silverware, and other Washington and Custis treasures—a portrait of which are now on exhibition at the restored Mt. Vernon and another portion in the possession of the surviving children of Gen. Robert E Lee—figure familiarly and vividly in the tale, which is the result of a careful study of history and an unusual talent for description.

Long Tennessee Fight.

For twenty years W. L. Rawls, of Bells, Tenn., fought nasal catarrh. He writes: "The swelling and soreness inside my nose was fearful, till I began applying Bucklen's Arnica Salve to the sore surface; this caused the soreness and swelling to disappear, never to return." Best salve in existence. 25c at E. S. Leadbeater & Sons', Druggists.

Four Men Drowned

The carelessness of one man in stepping on the side of a launch in which there was a party of six and tipping it until capsized, resulted in the drowning of four men yesterday afternoon in the Delaware river off the extreme northern part of Philadelphia. The other two occupants of the little craft had a narrow escape from death. The accident broke up a day's pleasure, in which more than a dozen men participated. They had gathered early in the day at the Hobo Boat Club, near the scene of the accident, and parties of six took turns in going out in the launch to the middle of the river to fish. The four men who were drowned together with the two who were saved went out late in the afternoon. They had no sooner anchored than one of the occupants stepped on the side of the launch, capsizing it. Men in skiffs left a boat house as soon as possible to the relief of the party, but four sank before they could be reached.

You cannot induce a lower animal to eat heartily when not feeling well. A sick dog starves himself, and gets well. The stomach, once overworked, must have rest the same as your feet or eyes. You don't have to starve to rest your stomach. KODOL FOR DYSPEPSIA takes up the work for your stomach, digests what you eat and gives it a rest. Puts it back in condition again. You can't feel good with disordered stomach. Try Kodol. Sold by W. F. Creighton & Co., 401 King street.

THE SATURDAY EVENING POST BUSINESS COLLEGE

BESIDES giving thousands of bright boys abundant spending money (some earn $15.00 a week) we teach our boys salesmanship, that quality that commands such high salaries in the modern business world. A Brooklyn insurance man, whose son sells THE POST, writes us:

"You are probably conducting the best business college on earth, for you are not dealing with theories but with cold facts in practice, based upon your excellent methods for encouraging and helping boys in every way."

¶ Boys who want to make money, boys who want to be taught how to win, by one of the most successful business firms in the world—these are the boys we want to hear from. We can teach you how to "play the game" and you make good money while you are learning. It doesn't cost you a cent to start—for we furnish the first supply of magazines free and you can buy your next supply with the sales of the first.

¶ We have a booklet that tells about some of our boys—the money they have made, the extra prizes they have won and how they gained success. If you are a "success boy"—made of the right stuff—we want you to write us—right now.

Notice to City Tax Payers.

Collector's Office, June 16, 1906.

Notice is hereby given that the tax-bills for 1906, are now in the hands of the collector. The attention of parties interested is respectfully called to the following extract from the revenue bill of this year:

"Upon all bills paid in full by the 1st day of July, 1906, the collector of taxes shall allow a discount of ten per cent., and on all bills paid by the 1st of September, 1906, he shall allow a discount of five per cent, and on all bills not paid by the first day of December, 1906, there shall be assessed and collected a penalty of five per cent upon the amount of said bills, and on all bills remaining unpaid on the 1st day of June, 1907, damages at the rate of six per centum per annum shall be paid."

Tax payers would do well to call and pay at once in order to avoid the rush and crowd usually present on the last days in which the discount is allowed.

Bring a list to make sure you get bills for all your property, as the collector will not be responsible or allow the discount after the time fixed by law.

P. F. GORMAN,
je16 t jy1 Collector of Taxes.

TO THE OWNERS OF DOGS!

MAYOR'S OFFICE,
Alexandria, Va., June 8, 1906.

All persons owning or intending to keep any animal of the Dog or Canine species should come forward on or before

JUNE TWENTY-FIFTH, 1906,

and take out a license for the same from the Auditor. After the 30th of June all persons owning or harboring Dogs without the required license are subject to a fine as the laws on the subject require of $3 or $5.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two Dogs when owning and harboring more, or who send such Dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and policemen will report all such cases, and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

The police officers will be required to report all violations of this law.

In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, etc., on a card or paper when making application for their licenses to the Auditor.

FRED. J. PAFF, Mayor.

The following is a copy of Section 54 of the license law. "On every dog, regardless of sex, one dollar and fifty cents."
